- Designing and installing sanitary plumbing and water supply systems, discharge pipes and sanitary fixtures
- Fabricating and installing soil and waste stacks
- Assembling and installing mechanical services plant, air handling and conditioning equipment and small bore heating systems
- Installing sewerage and effluent pumping equipment and disposal systems
- Installing below-ground drainage systems and associated ground support systems
- Installing gas appliances, flues and pressure regulating devices
- Fabricating and installing metal roofing, rainwater goods and flashings
- New construction work

EXPERIENCE AND QUALIFICATIONS REQUIRED

- Minimum 5+ years' experience
- Formal qualification – AQF Certificate IV
- Experience in industrial plumbing
- Must be trade licensed

ABOUT THE COMPANY

Fletcher International Exports is one of Australia's most integrated processors and exporters of lamb and sheep meat products. A private, family-owned company, Fletcher International process lamb and sheep meat products, wool and sheep skins, and markets a diverse range of high quality by-products.

The expansion of the company's farming interests has continued to increase the degree of vertical integration across the business. These interests have strengthened the livestock supply chain, while providing a source of quality crossbred lambs consistently throughout the year. Secondly, the grain produced at the company's properties is sold directly to end users in export markets.

Here at Fletcher's, our people are our strength. Fletcher International invests heavily in the ongoing developing and growth of the business. This is especially evident in the training and skill development of its workforce.

Our philosophy is to support ongoing employee development throughout their career, ensuring the company remains at the forefront of the industry. With this highly skilled workforce, the company is well equipped to continue to deliver high quality, safe products to international markets.
